

NACE ANNUAL STATE REPORT

State Association Name: **Nebraska Association of County Engineers, County Highway Superintendents & County Surveyors**

For year of 2019-2020

Number of Counties: **93**

Number of State Assoc. Members: **124**

Number NACE Member: **4**

State Annual Meeting/Conferences held at: **Winter Meeting December 11-13, 2019 in Kearny, Nebraska, the summer meeting has been canceled.**

Other significant meeting held during the year: **None**

Notable achievements of State Association and/or Individual members:

1. **None.** _____
2. _____

Important Events in which State Association participated during year:

1. **None** _____
2. _____
3. _____
4. _____

Issues and topics of particular importance for which action and efforts of State Association were directed during the year:

State Issues: **After 2019's record breaking floods during which 86 counties were declared disaster areas, most county focused on flood recovery. Sadly, this springs COVID-19 has not helped and will likely put additional strain on funding for Nebraska Counties.**

Ideas/concerns to share with other NACE Members: **ACOE 404 permitting issues and the length of time that it takes to get permits, continues to be a major concern for Counties in**

Nebraska. In addition, flooding for 2019 and slow FEMA payments are major issues for 86 out of 93 counties in Nebraska.

Report Submitted by **Pamela L. Dingman, PE**
Lancaster County Engineer

Date: **4/20/2020**

Note: Expand written report if desired; please keep oral report at conference to a minimum.

Thanks, NACE Executive Committee
